Hard Up for Campaign Material. The Republican party is in sore straits.

Their first idea was to make a large amount of capital out of the Payne investigation, and failing in this they next tried to smirch the name of John McBride, the Democratic candidate for Secretary of State, this for awhile promised well, but the promptness with which Mr. McBride came forward with his answer, and waiving all rights and legal delays demanded to be tried at once convinced them that no reliance could be placed in the smirching of McBride, and therefore when the case was called in court the plaintiff had the case dismissed.

Token of Respect.

On last Saturday evening the employes of the Motherwell Iron and Steel Co., called at the residence of Mr. R. B. Motherwell, the late Superintendent, and presented him with a solid gold ring, with a setting of tiger eye cameo, in token of their appreciation of his many sterling qualities, and their respect for him. O. W. H. Wright made the presentation speech in his usual eloquent manner.

The Japenese Village at the Cincinnati Exposition.

Another reduction in excursion rates on the C. W. & B. R. R. Commencing Sep. 27 and until Oct. 9 the C. W. B. will sell excursion tickets to Cincinnati and return at one fare for the round trip with admisson to the exposition. Thus the round trip rate from McArthur H. H. Lowery, Wang, Chang pei, Junc. is \$4.20 including admission. The tickets will be good returning from four to six days.

Additions and improvements are constantly being made to the exposition, but the latest and best is the Japanese village,100 Japanese and B. Palmer left without apmen women and children, in native costume, in their houses, studios and workshops, just as they live and work in Japan. Here you may see them making furniture, silk fabrics and pottery, painting pictures and screens, modeling and finishing in bronze, carving in wood and the like. Then there is the bar. ber who will shave you in American style in a Japanese way, and the ladies of the The Tea House who will make you a cup of genuine tea, in fact the whole exhibi tion is most unique. Each workman is an expert and he uses only material brought from Japan.

This show which the people of San Francisco and Chicago paid Green, quit claim for 50 acres in high prices to see, is exhibited at the Cincinnati Exposition without extra charge.
